Reservations: RSVP no later than 5:00pm Tuesday (day ahead) via an Email to [Tricia King](mailto:Tricia.King@cornerstone-automation.com), tking@cornerstone-automation.com or call 423-619-8001

Scott McKenzie

P.E.

**March Adams and
Associates**

**Should'a had
an RFI!**

This month's chapter program will include a presentation from Scott McKenzie titled "Should'a had an RFI!" Mr. McKenzie will be sharing various insights from inspectors and engineers in hopes of make the construction and inspection process proceed with fewer bumps in the road.

In design, a question not asked, can lead to problems in the field which impact the contractor, inspector, owner, budget and schedule. What are some of the most frequent items that are found to have construction problems and what can design professionals do to help? Can/should drawings be used as teaching tools? We will explore these questions and more!

Mr. McKenzie will share insights from our local inspectors with respect to clarifications and items that if added to engineering drawings would will assist the owner, the contractor and the inspector to reduce errors, problems and confusion on the construction site. Be prepared to share your own insights as well!

Mr. McKenzie is a senior engineer with March Adams and Associates. He has been practicing at engineering for over 40 years and has experience in designing, installing and troubleshooting a wide variety of processes and system support utilities.

Professional Development Certificates (1 hour) will be provided at the Lunch meeting. The lunch meeting should conclude by 1 p.m.

2018-19 Chapter Programs

Good programs are what make the Chapter meetings a success. Last year your participation (attendance) was great. It is directly attributable to the quality of programs. Input is continually needed from everyone (both members and non-members) for topics (and potential presenters) that are of interest. Efforts will be made to address all needs (residential, commercial, nuclear, renewable, etc.), so do not be ashamed to ask.

Contact [Kay Thrasher](#) or any current Board member with suggestions.
